VILLA PATERNO

THERE ARE PLACES YOU DON'T
CHOOSE JUST WITH YOUR EYES...

“There are places you can feel.
Places that hold a moment, an
emotion, a story.

Welcome to Paterno.”

FATTORIA PATERNO.IT

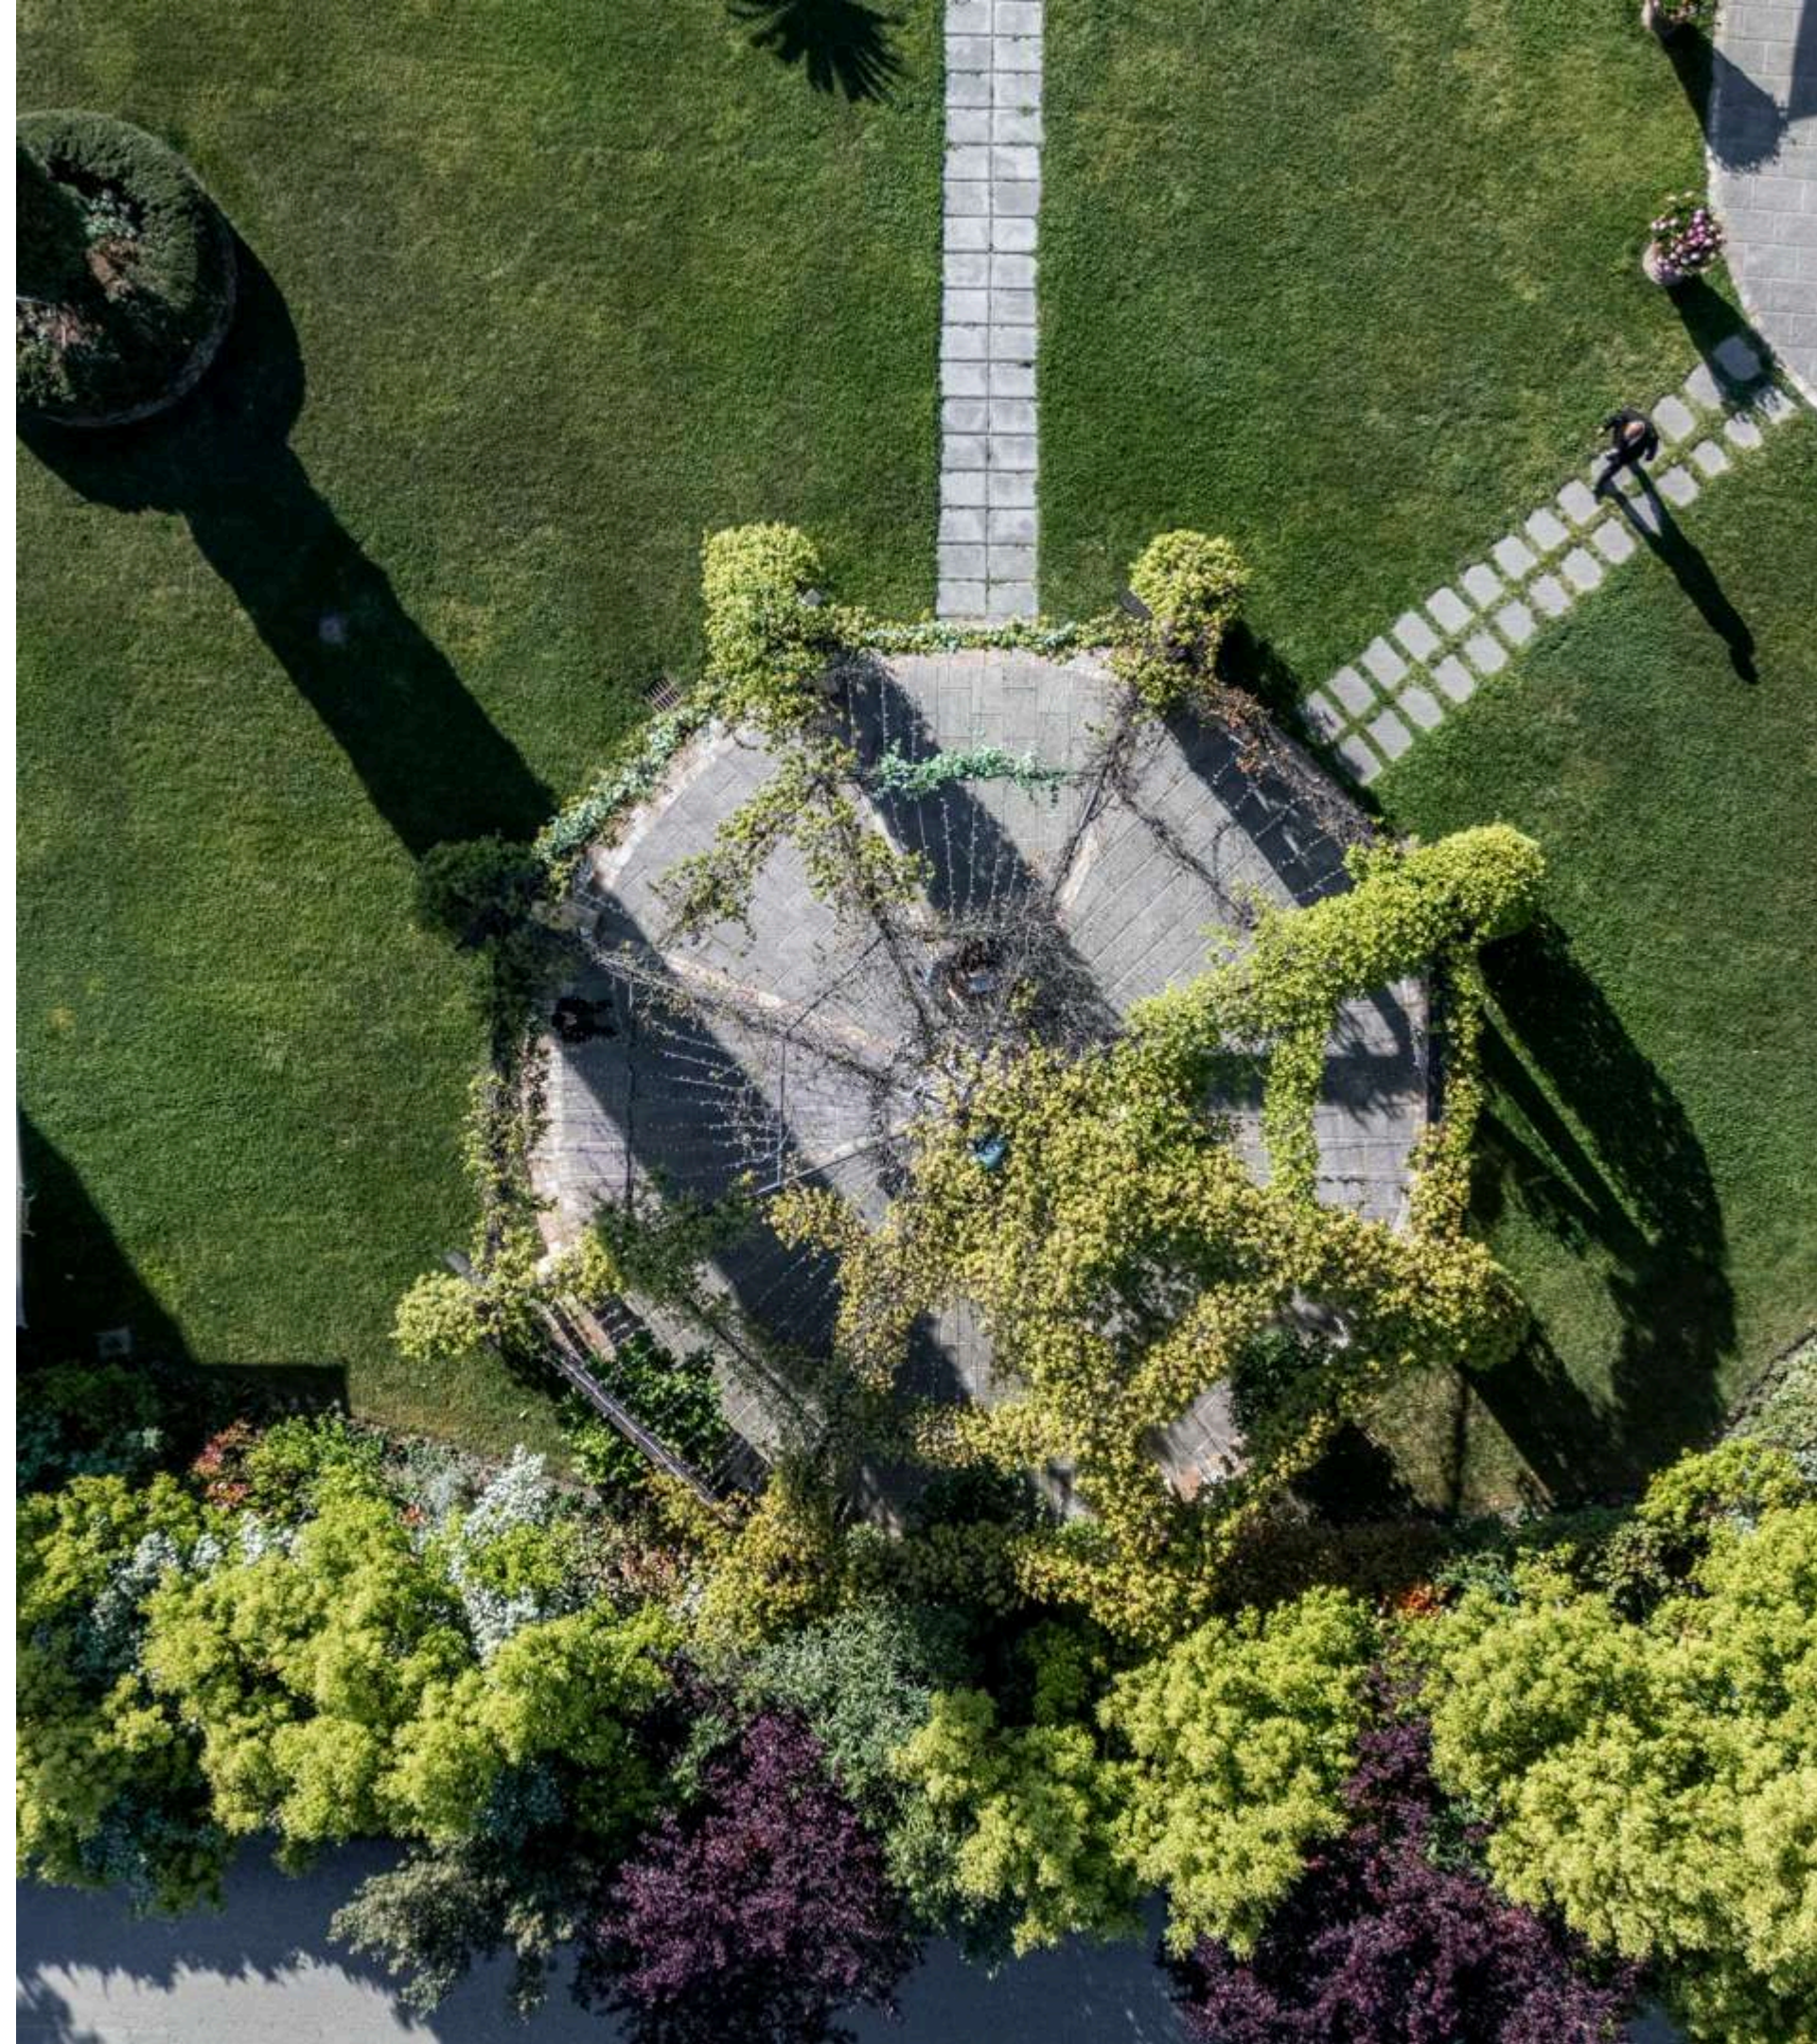

An aerial night photograph of Villa Paterno, a large, multi-story white building with a prominent 17th-century stone tower. The villa is illuminated from within, casting a warm glow. It is surrounded by dark, dense trees and a well-manicured lawn with some outdoor furniture. The background shows rolling hills under a dark sky.

THE HISTORY

A PLACE WHERE
TIME STANDS
STILL

“Nestled in the heart
of the Florentine
Chianti hills, Villa
Paterno is a residence
surrounded by
vineyards, olive
groves, and woods.

A 17th-century tower,
endless views, and
spaces that still retain
the charm of the most
authentic Tuscany.”

NOT JUST A PLACE. A JOURNEY.

“Every wedding at Paterno follows its own unique journey.

Each moment has its own setting:
the anticipation, the vows, the first toast, the
dinner, the celebration.

The villa transforms along with your special day.”

THE MOMENT WHEN IT ALL BEGINS

“Under a centuries-old oak tree,
surrounded by nature and the
people you love.

An intimate place where time
stands still.”

A romantic terrace in Tuscany, featuring a view of rolling hills and cypress trees. The terrace is adorned with large flower boxes and a black metal archway. The text "EXCHANGING VOWS IN TUSCANY" is overlaid in white serif font.

EXCHANGING VOWS IN TUSCANY

“A terrace perched on the
hills, where you can
celebrate the ceremony
surrounded by light and
the landscape.”
